

“Small shifts in your thinking and small changes in your energy can lead to massive alterations of your end result”-Kevin Michel.

This has been very much proved by our postgraduate Dr.Srilekha .A.R MBBS,MS OBG. We, from the Principal office and faculty of Kakatiya Medical College are very much overwhelmed getting to know that our very own student topped the PG Degree (MD/MS) examinations and stood first with distinction among all the clinical departments of KNRUHS, Telangana.Coming from a family of bankers and engineers –entering MBBS was a distant dream for Dr.Srilekha. But, as they say –“Believe you can and you are halfway there”. After completing her MBBS in Gandhi Medical College, Dr.Srilekha secured post-graduation seat of her dream branch MS Obstetrics and Gynecology in one of the most prestigious colleges of Telangana - Kakatiya Medical College.

We applaud Dr. R. Sarala Devi –HOD and the entire Department of Obstetrics and Gynecology –GMH Hanamkonda,for their efforts and guidance without which this would not have been possible.

At Kakatiya, we are proud to say that we have one of the best faculties and state of the art facilities, which provides one of the best opportunities to master surgical skills and clinical knowledge .And if properly utilized –we can witness wonders.

We are extremely proud of all the postgraduates who passed out in the PG Degree Examinations held in June 2020.Hearty congratulations to each and everyone and we would like to give a special mention to Dr.Srilekha.A.R who could achieve such a milestone.
