

Dr. T Padma, who was former Prof of Obstetrics & Gynecology Kakatiya Medical College and Supdt of Govt Maternity Hospital Warangal left for her heavenly abode after an illustriously long career of more than seven decades. A brilliant surgeon whose successes were phenomenal, she became a household name in Warangal for treating infertility cases successfully through oral medicines alone. Medical ethics was at the core of her being. A thorough professional, she was a role model to her innumerable students who are today at the helm of their medical professions. Always abreast of the latest knowledge in her subject, she was ever ready to give medical advice to her juniors who sought her for her wide experience.

Dr Padma leaves behind her two daughters, grand daughters and great grand children
